

Country Ways

WILTSHIRE

Country Ways

A popular tv series for over 20 years, *Country Ways* is a collection of gentle film portraits about the southern English countryside, as seen through the eyes and described in the words of people who live and work there.

A peaceful haven of beautiful sights and sounds, *Country Ways* also provides a lasting nostalgic record of the ways of life, arts, crafts, trades and pastimes which still exist in spite of the pressures and progress of modern times.

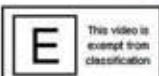

This DVD explores the ancient county of *WILTSHIRE* through all four seasons. Among the local people we meet are farmers and smallholders, a shepherd, a blacksmith, an angler, a thatcher, hedge layers, villagers and visitors enjoying all the fun of a traditional May Day fair and many more, all sharing their knowledge and appreciation of the great variety of life in this part of the south country.

Duration approx. 70 mins.
